What is Wolfram Mathematica?

Mathematica is the world's ultimate application for computations and the only development platform fully integrating computation into complete workflows, from building a hedge-fund trading website or publishing interactive engineering textbooks, to developing embedded image-recognition algorithms or teaching calculus.

With more than 25 years of experience and over three millions of users from Fortune 500 companies to government departments to thousands of universities and even high schools worldwide, in the fields of education and learning, scientific research and engineering development, financial analysis and statistical study, for both serious users to common hobbyists, who find this application unparalleled, powerful, interesting and useful!

1.0 Mathematica License For UTP Lecturers & Students

As one of the leading IPTAs in Malaysia, all staffs and students from **Universiti Teknologi PETRONAS** could request their own Mathematica activation keys at no charge with the below links:

UTP's Wolfram Activation Key Request Form

For UTP Staffs: https://user.wolfram.com/portal/requestAK/0aff526bd7f3d7290a07795d9683c4b469faae81

For UTP Students: https://user.wolfram.com/portal/requestAK/2c6e7e14d9d37e0117ebfcfa400c19722751fe88

Register your *Wolfram ID* with **UTP email address** – *xxx@petronas.com.my* or *xxx@utp.edu.my*.

You will then receive an email with a link where you could access to the appropriate download files and **Activation Key**. Download and install the file according to your system platform. (Available in Windows/Mac/Linux)

Note: For further installation guides, please refer to http://support.wolfram.com/kb/10928

1.1 Activating Mathematica Standalone License

1.1.1 Online Activation

Once the installation of Mathematica is complete, upon first launching it you will be presented with the Wolfram Product Activation dialog. The default method of activation is online activation. The only requirement is that your **computer is connected to the internet**. In the field provided, enter your activation key and click the Activate button. Upon successful activation Mathematica will launch.
